

roberto cavalli

Founded in the early Seventies, Roberto Cavalli is one of the most prominent Italian fashion houses, famous for its distinctive creativity and stylistic innovations. The Roberto Cavalli group operates on international markets through its main line “Roberto Cavalli”; the younger and more casual “Just Cavalli”, devoted to the latest trends; the softer feeling “Cavalli Class”; and “Roberto Cavalli Junior”, for children’s wear. A wide range of licensed products - such as silk and cashmere accessories, underwear and swimwear, eyewear, watches, fragrances, home design and others - complete the Cavalli world.
