

GROWN ALCHEMIST

BIOLOGICAL BEAUTY

HEALTH = FUNCTION = BEAUTY

As a brand, Grown Alchemist adheres to a simple yet elegant equation: Health = Function = Beauty. This equation is indicative of the brand's profound understanding of the relationship between skin function and beautiful skin. Founded by brothers, Keston and Jeremy Muijs, with over twenty years of formulation research and development, Grown Alchemist is leading the charge in a new generation of biologically advanced nutricosmetics, skincare, bodycare, and haircare. Their products work in synchronicity with the skin; restoring skin function, detoxing the dermis then activating skin function using the latest natural cell-communicating ingredients including Neuro-Peptides, Tetra-Peptides, Tocotrienols, and advanced Hygroscopic actives.

Why is this important? It boils down to biology. The human body will naturally fight anything regarded as foreign or toxic. This reaction creates free radicals which greatly contributes to the aging process. Many synthetic ingredients, which claim to reduce the signs of aging, may, in fact, be doing more harm than good. The active ingredients in Grown Alchemist products are naturally occurring, and as such are completely compatible with human biology.

Grown Alchemist proudly boasts a team of global cosmetic chemists, all in relentless pursuit of a perfect product offering that encapsulates efficacy powerful enough to evolve visible beauty by transforming the texture and appearance of skin, without compromising health. This brand ethos has been backed by the creation of an environmentally-friendly, non-toxic and cruelty-free product offering. In short, Grown Alchemist understands the importance of using active, natural ingredients in skincare in order to stimulate the biological functions that support healthy skin. As a brand, Grown Alchemist have formulated skincare solutions that serve their customers from a functional AND ethical perspective, tied together with premium recyclable packaging that elevates their brand into a luxurious experience. That's who they are at the core, a premium clean beauty brand.
