# Juliette has a Gun

From NYC to Paris, Moscow or Sydney...  
Juliette sometimes intrigues, always surprises.

A collection of original eau de parfum, candles and purse fragrances  
are available among other weapons of seduction.

Launched in 2006, our philosophy is to approach perfumery as an  
art and to be present only through a limited distribution such as  
concept stores, department stores or specialized perfumeries.

Luxury, in its spicy and singular version.
