ELBA

Acqua dell'Elba is the Essence of the Sea. Its uniqueness lies in the creation of artisan fragrances inspired by the sea in one of the most beautiful island of the Mediterranean Sea. Each product is created by expert Tuscan craftsmen using natural raw materials of the highest quality.

Acqua dell'Elba is a family-run artisan fragrance house from Tuscany, started 18 years ago in Marciana Marina. It has a network of 28 branded retail outlets: 19 on Elba Island and 9 further stores located in some of Italy's most beautiful destinations (Florence, Rome, Siena, Lucca, Como, Venice and Palermo). It has also developed a network of over 580 independent perfumeries across Italy that stock the products.
