

**FLORIS**  
LONDON

In a year that has seen a great deal of change we are proud to say we remain an independent family owned business, and have been for 290 years. Based in the elegant quarter of St James's, Floris is proud to be the standard bearers of perfumery expertise in London. Nine generations of perfume creation has taught us the emotive power of scent and the skill required to create perfumes of unmistakable quality.

Our ancestor Juan Famenias Floris travelled from Minorca to London and married his English Sweetheart, Elizabeth. Together they established a working perfumery which is still in use today.

As the oldest independent perfumery in England, we have developed a sustainable yet innovative approach, long lasting relationships with our customers, as well as finding ethical ways to access the world's most precious perfume.

Made in Britain, using the finest essential oils and essences gathered from around the world. We are proud to add new fragrance creations to the repertoire of our forefathers and be custodians of Floris for future generations.

We have been proud suppliers to the Royal Household since 1800, receiving our first Royal Warrant by a reigning monarch as "smooth pointed comb maker" to HM King George IV.

The perfumer's art can ignite the senses and vividly recall our memories, enriching the most precious experiences in our lives. Creating scents that evoke emotion, make you feel special, or mark an important moment for you is essential to us.
