

CLAUS PORTO

S I N C E 1 8 8 7

The roots of Claus Porto stretch back to 1887, when two German gentlemen arrived in a beautiful, historic Portuguese city. The marriage of these two European identities led to the creation of a renowned house of beauty and fragrance that celebrated its 130th anniversary in 2017.

The brand built its name on hand-crafted soaps infused with fine fragrances that draw on ingredients from Portugal's countryside. The products are imbued with an artisan's heart and soul and wrapped by hand displaying beautiful art work.

Through 130 years and 4 generations, Claus Porto developed its unique expertise in soaps, colognes, scented candles, home diffusers or men grooming products, crafting a philosophy of authenticity and an incredible portfolio of colourful hand-made labels and design patterns, each with its own unique personality.
